First Example

The following is a simple example

```
\documentclass[xcolor={rgb}]{beamer}

\usetheme{lagrange}

\begin{document}

\begin{frame}
 Hello Beamer!
\end{frame}

\end{document}
```

Note that you need to use `xcolor={rgb}` option for this theme.

3 Customization

To change vertical spaces between lines in TOC pages, you could redefine these two commands:

```
\renewcommand{\sectionintochideskip}{10pt}
\renewcommand{\sectionintocshowskip}{6pt}
```
